

ANOTHER BLAZE
IN CINCINNATICity's Most Magnificent Building
Gutted by Fire.

LOSS IS OVER ONE MILLION

Dozen Firemen Injured and Others
Are Unaccounted for While Fighting
Fire in Chamber of Commerce
Building—Many Persons Injured by
Flying Sparks and Debris When
Roof Fell In.

Special to The Dispatch:—

Cincinnati, Jan. 11.—Two men prominent in business circles in this city were among the missing when morning dawned over the ruins. The Chamber of Commerce building, which was destroyed by fire last night entailing a loss that will reach well over a million dollars and inflicted injuries on a dozen firemen and others. The missing men are Brent Marshall, vice president of the Grain brokerage firm of Early & Daniels, which was destroyed in last night's conflagration and Charles S. Sibbald, cashier of the concern.

Cincinnati, Jan. 11.—Entailing a loss of more than \$1,000,000 this city sustained its second great fire within three weeks, when the Chamber of Commerce building was destroyed. A dozen firemen were injured and others are unaccounted for.

Though members of the fire fighters force are missing early reports of fatalities among firemen and spectators caught in the wreckage of the collapsed roof have not been confirmed. Whether or not there are bodies in the wreckage cannot be definitely ascertained. There were a large number of employees at work in the Cincinnati stock exchange and the Louisville and Nashville railroad offices. Both the offices contained valuable records, which were consumed completely by the conflagration.

Only the bare skeletons of the walls of what was pronounced to be Cincinnati's most magnificent building remain. The building was valued at \$1,000,000 and the fixtures in the various offices were valued at \$500,000.

Fully 5,000 persons were crowded directly outside the fire lines when the roof fell in. Smoke and flying sparks completely filled the streets for two squares and a panic followed as men and women fought to escape. When the smoke lifted it was found that many had sustained bruises and cuts. No one was seriously injured. Nearby office buildings were turned into hospitals and shelter places.

William B. Melish, grand master of the grand encampment, Knights Templars, was among those who were seriously injured by wreckage from the falling roof. Mr. Melish was struck on the head by a brick and sustained a severe scalp wound. While seriously hurt, his condition is not regarded as critical.

FARRELL SUCCEEDS COREY

Choice of Finance Committee of United States Steel Corporation.

New York, Jan. 11.—James A. Farrell of Brooklyn is the choice of the finance committee of the United States Steel corporation to succeed William Ellis Corey as president of the corporation. After a meeting of the committee Chairman Gary issued this statement:

"The finance committee of the United States Steel corporation, after consulting individual members of the board of directors not on the committee, has unanimously decided to recommend to the board at its next regular meeting the election of James A. Farrell as president of the corporation."

"Mr. Farrell has been the president of the United States Steel Products company ever since its organization in 1903. He has been connected with the iron and steel industry for more than twenty-five years."

SOUTH DAKOTA CORN SHOW

Annual Event Will be Held at Mitchell.

Mitchell, S. D., Jan. 11.—Monday of next week will begin the annual state corn show and the short course in agriculture, the latter being provided by the business men of the city under the direction of Professor Clifford Willis of Minneapolis. These two features, together with the domestic science department and the stock judging feature, will occupy the entire week.

The short course to be held here will be the first in the state and the indications point to a big success. President Dawes of Fulton expects an attendance of 300 men at the double meeting. The short course will be held in conjunction with the state corn show and will afford the same instruction which is carried on at the state agricultural college.

PLANS TO STOP
TIDE TO CITIESRudolph Spreckels Has Project
For Prospective Farmers.

WOULD ENLIST CAPITAL'S AID.

Idea is to Have Wealthy Men Buy Up Desirable Land, Then Resell it on Long Payments So One Crop Failure Will Not Entail Loss of Farm—Says Capitalists Should Form a Fund.

Rudolph Spreckels, leader in the San Francisco anti-graft crusade, in addition to ideas for civic reform, has a plan for stemming the tide of the wave of population flowing toward the American cities with such alarming rapidity.

"The trouble with the back to the farm propaganda today," Mr. Spreckels says, "is that while it distributes a lot of free advice to the residents of congested sections in our cities, it offers comparatively little aid of a substantial sort. I think that it is not because city dwellers prefer the cities to the country that they remain in a state of industrial dependence, but because they have not the capital required to buy a farm and the stock and implements necessary to make it a paying venture."

Thinks Fund Should Be Formed. "I believe the capitalists of the United States should form a fund so that they could buy tillable land and then resell it to prospective emigrants from the cities at actual cost, with provision for easy terms of payment. These payments could be so arranged as to extend over a period of fifty or even seventy years, so that there would be little question that the purchaser or his family would eventually own the land."

"As it is, many hesitate to leave their urban homes because farming is a great deal of a risk. They would be compelled to place heavy mortgages on their land, payable in a few years. Under this plan a series of unfortunate seasons would be fatal to the farmer, who would be unable to meet the demands of the incumbrance on his land and would thereby forfeit his holdings, together with the money he had expended in getting started."

Calls It Mistaken Plea.

"The plea to the man of the city to emigrate to the frontier to hew out a home for himself where land is cheap is mistaken. Pioneer life necessarily entails many hardships, which the city dweller and his wife cannot endure because they are not inured to them. To a man who has been reared on a farm it is difficult enough to transform a stubborn prairie or a heavily wooded land into tillable land, but for the inexperienced farmer, recruited from the congested cities, it is almost impossible. After a few years he will get discouraged and return to his old home and work."

"Here is the difficulty, however. To embark on a farming venture in a district which is already cultivated and settled to some extent requires a big outlay of capital, whereas in pioneer regions land can be obtained either free or for a nominal sum. And this is where the capitalists should extend a helping hand."

Europe's Plan Succeeds.

"In many parts of Europe the plan of long payments for land is in operation and is proving a great success. When the settlers are assured that in case of crop reverses they are not in danger of losing their homes and that if they fail to pay for their homes even in a lifetime their sons can continue the payments they do not hesitate to leave the bench of the wage earner for the plow and the reaper. I understand, too, that this plan has been undertaken in various parts of the United States on a small scale and that efforts along this line have been the source of great satisfaction to those who have supported them."

"It is a great problem, this back to the land movement. It will be the great problem of the future, as it is the problem of the present. Our cities are certain to increase in population immensely for many years to come. As the number of mouths to feed grows the number of actual producers on the land must increase or development must cease."

ADVANCE IN FREIGHT RATES

Commerce Commission May Delay Action Until March.

Washington, Jan. 11.—Owing to the advent of two new members on the interstate commerce commission it is practically assured that the proposed advances in freight rates in both official classification and Western trunk line territories will be suspended to some date beyond Feb. 1. Messrs. McChord and Meyer, the two new members of the commission, are not yet familiar with the voluminous records in the matter and it may take until March before the commission reaches a conclusion and announces its final ruling in the case.

Playing Cards in England. Playing cards when first introduced into England were looked upon purely as a Christmas pastime.

SENATOR CRAWFORD.

Lorimer Speech May Cause
Break With Senator Gamble.

STORM IN CANADIAN WEST

Cold Wave and Heavy Snow Blocks Traffic.

Winnipeg, Jan. 11.—For twenty-four hours the worst storm in several years has been raging between the Great Lakes and the Rocky mountains. All trains are late and several are stalled on branch lines in Saskatchewan.

Telegraph communication is not as yet seriously affected except in British Columbia, where the wires are down, indicating a heavy fall of snow. With a gale from the northwest the cold is intense.

Prince Albert was the coldest place, thermometers there registering 38 below.

RAILWAY TRAINS
STALLED IN MONTANA

Securely Banked Between Immense Snowslides.

Kalispell, Mont., Jan. 11.—With the fast mail trains securely banked between immense snowslides and several passenger trains from St. Paul and Minneapolis and several freights keeping their company there is no hope of railway communication from the East for two or three days more, according to railroad advices here.

The slides between Essex and Midvale are great and so mingled with rock and timber that rotary snow plows cannot touch them and the work is being done by hand. The blizzard that swept the steep side of the mountain in the vicinity of the slides was so fierce that little work could be done.

Trains from the East are being sent over the Northern Pacific from Helena and Eastern mails and passengers are arriving here from Sand Point, Ida., a place 200 miles west, where they transfer from the Northern Pacific to the Great Northern.

Trains from the West are turned around at Whitefish, Mont., and dispatched West again as nearly on schedule time as possible. No delays of a serious nature have occurred west of Kalispell.

TO CONFER WITH SENATORS

South Dakota Republican Chairman Arrives at National Capital.

Washington, Jan. 11.—W. C. Cook, Republican state chairman of South Dakota, is in Washington. He is in conference with members of the state delegation. Chairman Cook came here, it is understood, to confer with Senators Crawford and Gamble relative to the candidacy of James D. Elliott to be district judge in succession to Judge John A. Carland.

More Millions for Pensions.

Washington, Jan. 11.—By the passage of the Sulloway general pension bill in the house \$45,000,000 annually was added to the expenditures on account of pensions. Speaker Cannon personally took the floor and urged the passage of the measure, which grants pensions ranging from \$15 to \$36 to veterans who are sixty years old or over and who served ninety days in the Civil war or sixty days in the war with Mexico.

California Elects Senator.

Sacramento, Cal., Jan. 11.—The house of representatives of the state legislature gave a majority for Judge John D. Works for United States senator over A. G. Spalding by a vote of 62 to 16. This insures Works' election whatever the vote of the senate may be, as the total vote of both houses is only 120.

To Dam Grand Canyon.

Engineers are figuring on erecting a dam 700 feet high in the Grand Canyon of the Colorado to impound sufficient water to produce 1,500,000 horsepower.

LORIMER SEEMS
TO BE LOSINGIllinois Senator in Danger of
Being Unseated.

ROOT TO FOLLOW CRAWFORD

New York Senator Will Advocate Declaring Lorimer's Seat Vacant. Speech by Senator Crawford May Result in Break With Senator Gamble—Illinois Man's Friends Blame Admistration.

Washington, Jan. 11.—Senator Crawford's speech in denunciation of William Lorimer of Illinois is expected to result in a break between the South Dakota senators. It places Messrs. Crawford and Gamble in opposition on what promises to be one of the most bitter struggles witnessed in the senate in a good many years. The South Dakota colony is wrought up over the contrast presented in the senate delegation from the state by the attitude of Mr. Crawford in fighting Mr. Lorimer. Senator Gamble was a member of the committee that reported that Lorimer was entitled to his seat. Mr. Gamble will probably make a speech in defense of his position.

Friends of Lorimer blame the administration for the present deplorable shape of the Illinois senator's case. They charge that, while the president has not openly interfered, he has gone out of his way to make it plain that he is of the opinion the evidence warrants Mr. Lorimer's exclusion from the senate. In fact, the president has been quoted here by senators who are opposing Lorimer as having said he had examined the evidence carefully, and that the disclosures shocked him. This has been used with telling effect against Lorimer, and whereas some time ago it looked as though his case would be handled by the senate in a perfunctory manner, it is now apparent Mr. Lorimer is in danger of losing his seat.

Root Will Deliver Broadside.

It became generally known that Senator Root of New York intends to speak against Mr. Lorimer. Mr. Root's opposition, it is charged, was inspired at the White House. The same charge is made by friends of Mr. Lorimer in explanation of the hostility of Senator Crawford. Messrs. Root and Crawford have been in conference with the president of late, and it is assumed that they have been discussing the Lorimer case with him.

As the situation now sizes up it looks more menacing for Lorimer. Senator Crawford's speech was effective and it will be followed by a broadside fired by Senator Root. Other senators will take turns attacking Lorimer. From present indications there will be as many regulars as progressives arrayed against the blonde from Illinois.

Information came out that disconcerted the Lorimer forces. A canvass of the Democratic side of the senate disclosed that practically all of the minority will line up in opposition. In fact, the statement was made here that only five Democratic senators will stand by Lorimer. A few weeks ago it looked as if nearly all the Democratic senators would vote in his favor. The Democrats known to favor Lorimer are Bailey of Texas, Paynter of Kentucky and Fletcher of Florida, members of the committee on inquiry, and Taliaferro of Florida and Johnston of Alabama.

Thousand Dollar Baby Born.

Sioux Falls, S. D., Jan. 11.—The newer portions of South Dakota are not yet old enough, but Tripp county, which until a year ago, was included within the Rosebud Indian reservation, comes to the front with a \$1,000 baby, which has just been born to Mr. and Mrs. G. B. Reichart, well known homesteaders of that new part of the state. The father of Mr. Reichart has a standing offer of \$1,000 to his first grandchild, and this baby proves to be his first grandchild; and accordingly will receive the promised amount.

City Payments Are Suspended.

Minneapolis, Jan. 11.—Minneapolis has suspended payments of check warrants drawn on the city treasury by departments in which funds are overdrawn. The actual cash balance in the city treasury is \$151,500. This is the smallest balance with which the city has attempted to carry on its business in years. The dearth of money hits the fire and health departments hardest, although employees in both departments have received their December salaries.

CHIEF RESCUES CHILDREN

Police Officer Rounds Up Thirty Lost Ones in Storm.

Williston, N. D., Jan. 11.—Chief McGahey, Williston's big hearted chief of police, brought happiness to thirty homes in this city, when in a blinding snow storm he brought to anxious parents their little children who had been lost in the streets in the storm. The chief's attention was attracted to one lost child and then he went out on a search and soon had the thirty sheltered in police headquarters. He secured a big bob and drove all of them to their homes, getting lost himself three times.

JAMES A. PATTEN.

Suit Brought Against Him
For Six Million Dollars.

HEAVY GAIN IN TONNAGE

Large Amount of Traffic During 1910 Through Canals at Soo.

Detroit, Mich., Jan. 11.—A total of 62,363,218 tons of freight, an increase of 4,468,069 tons, passed through the Sault Ste. Marie canal in 1910, according to the annual report of Superintendent L. C. Sabin.

The four items of freight in which shipments show a decrease for the year are: Wheat, 86,259,974 bushels, a loss of 26,993,587, or 24 per cent; grain, 39,245,485 bushels, a loss of 19 per cent; salt, 528,610 barrels, a loss of 19 per cent; manufactured and pig iron, 444,669 tons, a loss of 15 per cent.

The total number of vessel passages was 20,899, compared with 19,204 in 1909. The American canal season was 224 days, the Canadian 248 days.

DOCTOR SUES PATTEN
FOR SIX MILLIONS

Action Grows Out of Board of Trade Operations.

Chicago, Jan. 11.—James A. Patten, millionaire broker, was sued in the superior court for \$6,000,000 by Dr. Paul Burmaster, a physician. The suit was suppressed for service to await the return of Mr. Patten from Hot Springs, Ark.

The plaintiff is president of the Chicago Anti-Gambling league. He brings suit under an Illinois statute whereby any person having knowledge of a gambling transaction may sue and recover to the amount of three times the total lost by any of the players.

CALLS ROOSEVELT A DESPOT

Speaker at Loyal Legion Banquet in St. Paul.

St. Paul, Jan. 11.—"Mr. Roosevelt is a despot. A venerable despot; but if he and the nation had the proper respect for law we should realize that a benevolent despot but paves the way for a despot who is not benevolent."

Thus declared Charles W. Van Tuyl of Minneapolis, who made the address of the evening at the banquet of the Loyal Legion at the Hotel Ryan before a gathering of more than one hundred members and guests.

Mr. Van Tuyl's address was endorsed by Judge Eli Torrence and seconded by Judge Henry W. Hicks of Minneapolis. His subject was "The Loyal Legion, Whence and Whither." Mr. Van Tuyl brought out the utter disregard for law shown by the American people in general, following a dissertation on the principles of the order.

"In the courts legal technicalities defeat the law," declared the speaker, "the letter of the law is cunningly made to defeat its spirit. A comparison of the recent trial of Dr. Crippen in London with that of Harry Thaw in New York illustrates our shortcomings better than any verbal analysis would do."

Cannon's Triumph a Frame Up.

Washington, Jan. 11.—Congressman Norris of Nebraska, who was the ring-leader in the fight to clip the wings of Speaker Cannon last March, declared that the proceedings in the house, when the speaker was sustained in a ruling, looked very much like a frame up. He asserted that, the deal was brought about by the speaker and his friends in an effort to secure a vindication for Uncle Joe's numerous former obnoxious rulings.

Montana Banker Victimised.

Bozeman, Mont., Jan. 11.—Harkening to the words of a fine looking, well dressed man, with the physique of an athlete who gave the name of L. C. Hill, Cashier W. S. Davidson of the Gallatin state bank accepted a letter of credit drawn on a Missouri bank for \$2,000. To accommodate the stranger he was given \$200 immediately. He then disappeared. His letter of credit was a forgery.

TELLS AGENTS TO
OBEY MANDATE

FARGO TO HAVE BUSY WEEK

Large Number of Conventions Are Scheduled.

Fargo, N. D., Jan. 11.—The busiest week of the year for Fargo will be the next one. The Tri-State Grain Growers' convention and almost a dozen other state affairs will be held here the week of Jan. 16-21.

In addition to the tri-state meeting there will be sessions of the American Society of Equity of this state and of the tri-state district of that organization to consider the terminal elevator proposition at either the Head of the Lakes or the Twin Cities. Eventually the equity people will be established at both.

The North Dakota Live Stock association, the Durum Wheat association, the North Dakota Veterinarians, the North Dakota Horticultural society, the North Dakota Civil Engineers, the North Dakota Poultry association, the second annual exhibit of the North Dakota Kennel association and several other events will also be in progress.

The live stock, horticultural and equity people will all have places on the four days' programme. One day will be given over to the women.

WELL KNOWN INDIAN DEAD

Lower Brule Agency Man Was Friend of the Whites.

Lower Brule Indian Agency, S. D., Jan. 11.—The death at his home on this reservation of Elisha Quilt removes an Indian who had been prominent in the affairs of the tribe for fifty or sixty years. Quilt was alike a friend to the whites and to his own race. He, with three others, John De Somit, Alec Rencontre and Moses Brazeau, were the leaders in signing the treaty with the United States government by which several hundred thousand acres of the Lower Brule reservation was surrendered and opened to white settlement. Of these four John De Somit is the only survivor. Quilt was an Indian of great influence among his tribe and by his advice the Lower Brule Indians in early days became true friends of the whites and have so remained to this day.

Millions in Construction.

Bend, Ore., Jan. 11.—There was expended by the Hill railroad system in Oregon and Southern Washington during 1910 approximately \$14,000,000 in the construction of new lines and in improvement of properties throughout Oregon. Of this amount \$9,000,000 is represented by the Oregon Trunk line from Clarke on the Columbia river southward to this place.

MILWAUKEE THEATER DEAL

\$500,000 Building to Be Erected by Fred A. Landeck.

Milwaukee, Jan. 11.—Deals were closed by Fred A. Landeck, whereby he secured leases on the property at the southeast corner of Third and Wells street.

The deal is one of the largest consummated in Milwaukee in some time. It is understood the annual rental will be nearly \$25,000. Mr. Landeck intends to erect a large theater, hotel and office building on the site, to cost not less than \$500,000.

"A building to cost not less than \$500,000 will be erected on the premises as soon as the existing leases expire," said Mr. Landeck.

Discouragement.

"All the world's a stage."
"Yes, and most of us do nothing but push scenery."—Indianapolis News.

GRAIN AND PROVISION PRICES

Minneapolis Wheat.

Minneapolis, Jan. 10.—Wheat—May, \$1.08 1/4 @ 1.08 1/2; July, \$1.08 1/2 on track—No. 1 hard, \$1.09 1/2; No. 1 Northern, \$1.08 1/2 @ 1.08 1/2; No. 2 Northern, \$1.05 1/2 @ 1.07 1/2; No. 3 Northern, \$1.03 1/2 @ 1.06 1/2.

Duluth Wheat and Flax.

Duluth, Jan. 10.—Wheat—To arrive on track—No. 1 hard, \$1.09 1/2; No. 1 Northern, \$1.08 1/2; No. 2 Northern, \$1.05 1/2 @ 1.06 1/2; May, \$1.09 1/2; July, \$1.10 1/4. Flax—On track and to arrive, \$2.47; May, \$2.50.

St. Paul Live Stock.

St. Paul, Jan. 10.—Cattle—Good to choice steers, \$5.50 @ 6.50; fair to good, \$4.50 @ 5.50; good to choice cows and heifers, \$4.00 @ 5.00; veals, \$6.50 @ 7.50. Hogs—\$7.75 @ 7.85. Sheep—Wethers, \$3.25 @ 3.75; yearlings, \$4.00 @ 5.00; spring lambs, \$4.75 @ 6.00.

Chicago Grain and Provisions.

Chicago, Jan. 10.—Wheat—May, \$1.01 1/2 @ 1.01 1/4; July, 96 3/4 @ 96 1/2; Sept., 95 1/4 @ 95 1/4; Corn—May, 50 1/2 @ 50 3/4; July, 51 1/4; Sept., 51 1/4. Oats—May, 34 1/2 @ 35; July, 34 1/2 @ 34 1/2; Sept., 33 1/2. Pork—Jan., \$20.10; May, \$19.07 1/2. Butter—Creameries, 21 @ 28c; dairies, 19 @ 24c. Eggs—18 1/2 @ 31c. Poultry—Turkeys, 22c; chickens, 14c; springs, 13 @ 14c.

Chicago Live Stock.

Chicago, Jan. 10.—Cattle—Beesves, \$4.55 @ 7.00; Texas steers, \$4.15 @ 5.30; Western steers, \$4.25 @ 5.90; stockers and feeders, \$3.65 @ 5.70; cows and heifers, \$2.55 @ 6.25; calves, \$7.00 @ 9.25. Hogs—Light, \$7.80 @ 8.10; mixed, \$7.80 @ 8.10; heavy, \$7.80 @ 8.10; rough, \$7.80 @ 7.90; good to choice heavy, \$7.90 @ 8.10; pigs, \$7.50 @ 8.10. Sheep—Native, \$2.50 @ 4.45; yearlings, \$4.60 @ 6.70; lambs, \$4.75 @ 6.50.

Secretary Ballinger Issues Order on Indian Lid.

DECISION MAY BE APPEALED

Anti-Saloon League Intimates Case May Go to Higher Court—Belief General That No Further Attempt Will Be Made by Government to Enforce Liquor Provisions of Indian Treaties in Minnesota.

Washington, Jan. 11.—Secretary Ballinger has instructed his officers to obey the order of the court in the liquor question in the Indian country. Late information here is that the case may be appealed to the circuit court of appeals, but no definite decision will be reached for several days.

MAY APPEAL LIQUOR CASE

Anti-Saloon League Regrets Judge Willard's Decision.

Minneapolis, Jan. 11.—Immunity from any further attempt on the part of the national government to enforce the liquor lid in the Indian country of Minnesota is assured absolutely, at least for the next several years. Such was the opinion expressed by those arrayed upon both sides of the question relative to the decision given Monday by Judge Willard in the Indian treaty case of 1855.

As a result of this decision the railways probably will begin accepting shipments of liquor to the Indian territory. Saloons will be reopened and business resumed along the lines W. E. ("Pussyfoot") Johnson found it when he entered Northern Minnesota something over one year ago.

This admission was made by officers of the Anti-Saloon league and those who had favored the enforcement of the liquor provisions of the Indian treaty. Similar opinions were advanced by those who had opposed such measures. Railway attorneys declare that, if the newspaper reports were correct, they probably would modify immediately their orders relative to the acceptance of liquor shipments into the Indian country.

No disposition is indicated by members of the Anti-Saloon league to let up in their efforts to have the provisions of the treaty of 1855 sustained until the matter is carried up to the court of last resort. It was said by officers of the league that an appeal from the decision of Judge Willard to the United States supreme court undoubtedly would be made, if the taking of such step should be left with them.

UNCLE SAM MUST PRODUCE

Roads Refuse to Transport Troops for Less Than Regular Fare.

St. Paul, Jan. 11.—There seems to be little prospect the government can get cheaper rates from the Western lines for carrying troops and property. St. Paul officials declare there is no law that can compel the roads to haul for the government at rates lower than those now in effect.

On the roads, which were given land grants, the government has been getting half rates or free transportation. The roads which have no such concessions charge the government full rates.

The quartermaster general of the army has tried to get the roads to make an agreement whereby the same rates for hauling troops and government property apply over "long grant" routes as over short routes.

The Western Passenger association has informed the quartermaster general that the lines cannot comply with his request. No word has been received from Washington as to what further step, if any, will be taken.

FOUR DIE IN BIG STORM

Perish in Cold as Result of Losing Their Way in Blinding Snow.

Winnipeg, Man., Jan. 11.—This week's severe storm has claimed four victims. An adopted son of John G. Weir, Estevan, Sask., braved the storm to bring in some cattle, but perished. Mrs. Turner Wright and son of Pinto, Sask., lost their way from the stable and wandered on to the prairie, where they also perished. Richard Copple, farm laborer, of Balcarres, Sask., lost his way in the storm. He was removed to a hospital, where both feet were amputated, and the chances are that he will die.

ALL GO TO THE STATE PRISON

Number of Men Sentenced at Deadwood.

Deadwood, S. D., Jan. 11.—With the end of the first week of criminal cases in the circuit court here Judge Rice disposed of those who had been convicted and who had pleaded guilty by sending them all to the penitentiary. The sentences are as follows: Tom Dare, attempted bank robbery, eight years and nine months; Johnson and Maki, Finnish dynamites, three years each; Frank Weibrock, attempted assault, four years and six months; all of the above were convicted. David Battershill for assault, fifty days and \$100 fine; George Norman, for robbery, nine months; Fred Williams, for grand larceny, eight months. The last three had pleaded guilty.

ITS MISSION NOT FINISHED

Some of our exchanges seem to think that the meeting of the Northern Minnesota Development association at Duluth next spring will be its last. There is still a great work for the association to perform for this portion of the state, even with re-portionment enacted into law, in fact that is but an incident to our future development and it would indeed be a great misfortune to disband an association composed of the most active, intelligent and patriotic men in our section. They know our needs and realize that to develop our latent resources will require the combined talent and energy of just such an organization as the Northern Minnesota Development association to aid in carrying on the great work. The Brainerd meeting was a success in every way and many practical addresses were made upon topics essential not alone to our development, but to the whole state and northwest as well; but we have not yet reached the "Bringing Line" of final results, and it would be absurd to think of disbanding our army of boosters and trust everything in the future to luck and the Almighty. The Lord helps him who helps himself and we have got to keep our shoulders to the wheel of progress and all help make it move in the right direction. There is not and should not be, any politics in the association and this very thing makes its labors more effective for the gen-

eral good. We hope the present legislature will solve many questions looking to a just and fair advancement of Northern Minnesota and when we have laws for the taxation of state lands, reapportionment, good roads, etc., written into our statutes then a campaign for settlers of the right class will meet with success. We have the goods, all right in Northern Minnesota upon which to build homes for the multitude, but just at present, as in the past, the goods are not attractive, hence the rush to Canada. The conservatives say "Oh! you can't tax state lands," for schools, roads, etc., but just the same the increased value of these lands under improved conditions would be vastly greater therefore the whole people would be benefitted. We sincerely hope there is to be no abandonment of the great duty before us and believe the association will, for years to come, find plenty of work out for its mental and physical activities. It is composed of hustlers and their hearts are in the laudable enterprise. The Dispatch heartily endorses the work accomplished thus far and will be ever ready to aid future efforts of the association.

LOCAL NEWS NOTES

Mrs. James Elder left today to attend the grand opera in the twin cities.

Charles Osterlund, the Deerwood druggist, arrived in the city this afternoon.

Miss May Schultz and daughter, Miss Lillian, went to Staples this afternoon.

Dr. Frank J. Sykora went to Motley this afternoon on professional business.

Store your stoves and household goods with D. M. Clark & Co. 1101r

The Misses Sigrid Carlson and Mabel Carlson went to Minneapolis this afternoon.

The Meat Part.

A tourist called at an inn in Donegal and ordered a roll and butter and some tea. It was brought, and on cutting the roll he found a black beetle in the middle.

"Here!" he called to the waiter. "Take this and show it to the proprietor."

"I wouldn't be after showin' it to the proprietor if I were you, sor," said Pat.

"Why not?" inquired the tourist.

"Tribble mane man the proprietor is, sor. Shure, he'll be after chargin' ye for a mate tay!"—London Answers.

Benevolence.

There cannot be a more glorious object in creation than a human being, replete with benevolence, meditating in what manner he might render himself most acceptable to his creator by doing most good to his creatures.—Fielding.

TONIGHT

It's equal as a curative tonic does not exist. So perfect is its medicinal action as to challenge the admiration of all. Such is Hollister's Rocky Mountain Tea, the world's regulator. Also in tablet form. Take it tonight.

STOMACH PUT IN ORDER

No Indigestion, Gas, Sourness, Heartburn or Dyspepsia Five Minutes After Taking Diapepsin

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache—this is indigestion.

A full case of Pape's Diapepsin costs only 50 cents and will thoroughly cure your out-of-order stomach, and leave sufficient about the house in case some one else in the family may suffer from stomach trouble or indigestion.

Ask your pharmacist to show you the formula plainly printed on these 50-cent cases, then you will understand why Dyspeptic trouble of all kinds must go, and why they usually relieve sour, out-of-order stomach or indigestion in five minutes. Diapepsin is harmless and tastes like candy, though each dose contains power sufficient to digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many diapepsin cranks, as some people will call them, but you will be cranky about this splendid stomach preparation, too, if you ever try a little for indigestion or gastritis or any other stomach misery.

Get some now, this minute, and forever rid yourself of stomach trouble and indigestion.

HORNED MAN-MONKEYS FOUND

Skeletons of Quaser Shape Exhumed in California.

What are described as skeletons of a strange tribe of horned man-monkey pygmies are being exhumed from an ancient burying ground discovered near Jackrabbit Lodge, in the delta of Topanga canyon, near Santa Monica, Cal. Forty-four skulls and almost as many complete sets of torso and limb bones have been recovered, together with strange antiquities apparently used by the tribe as weapons and many stone mortars.

The tribe is thought to have been the last of the kind, and it is asserted by a legend of the oldest Spanish families that Aztec Indians exterminated them upon their invasion into southern California.

RAISING FISH ON FARMS.

Novel Scheme to Reduce High Cost of Living.

State Fish and Game Warden George A. Lincoln has advised Iowa people to go into the business of raising fish for food in view of the high cost of living. "Food fishes," he says, "can be raised with no more difficulty than chickens or vegetables. A pond of an acre or more in extent and with eight or ten feet of water in the deepest part will, if properly managed, give excellent results."

The game warden has written instructions for the small fish farmer who cannot afford a pond more than a quarter acre big and declares that the business is a good one in which to engage.

FRENCH HEELS RUIN FEET.

Spinal Curvature Another Phase, According to Minneapolis.

Dr. Charles H. Keene of Minneapolis in a public statement says that the high French heels which high school girls wear are the cause of deformed feet that have to be cured by physical culture, and therefore such heels are to be barred from the school.

Dr. Keene will have the physical instructor in the high school find out how many girls have curvature of the spine. He has found many boys in the Minneapolis schools so afflicted. He attributed the prevalence of curvature of the spine to bad posture, both in sitting and standing, and to faulty customs and to improper footwear, such as French heeled shoes.

Bicycle Riding.

The exertion of riding fifty miles on a good bicycle is about equal to that of a fifteen mile walk.

TWICE TOLD TESTIMONY

Brainerd People are Doing All They Can for Fellow Sufferers

Brainerd testimony has been published to prove the merit of Doan's Kidney Pills to others in Brainerd who suffer from bad backs and kidney ills. Lest any sufferer doubted that the cures made by Doan's Kidney Pills are thorough and lasting, we produce confirmed proof—statements from Brainerd people saying that the cures they told of years ago were permanent. Here's a Brainerd case: Mrs. P. M. Bislar, 412 S. Twelfth St., Brainerd, Minn., says: "Our experience with Doan's Kidney Pills has been very satisfactory. They

have proven most effective in relieving lumbago, dull pains in the loins and trouble with the kidney secretions. About two years ago a member of my family publicly endorsed Doan's Kidney Pills, after procuring them from H. P. Dunn's drug store, and using them with great benefit. That testimonial still holds good."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Forgetting Her Text.

"I wanted to see Mrs. Green-Brown and tell her how much I enjoyed her lecture on 'Mind Your Own Business.'" "You can't see her now. She's engaged with some very important correspondence. She is just finishing a letter to Mrs. Stevenson asking how it happened that a box of bottled beer was carried into her house last Monday afternoon, and then she's going to write to Mrs. Blinksdorf and demand to know if it's true that she smokes a cigarette daily after dinner."

"Isn't she a perfect wonder?"—Cleveland Plain Dealer

FARMERS' ELEVATOR BADLY NEEDED

Commercial Club Holds Annual Meeting and Transacts Much Business of Importance

ANNOUNCEMENT OF COMMITTEES

Club Has a Nice Cash Balance and a Paid up Membership of 65—Prospects are Good

One of the most interesting meetings of the Commercial Club was held last evening at which time the officers elect for 1911 were installed. Carl Zapffe, the new president, took charge of the session and dispatched the business with the experience of a veteran. After reading the minutes of the last meeting, A. J. Halsted, the retiring president, made a verbal report covering the business of the past year during his incumbency and referred to the substantial growth and prosperity of the club, giving credit where it belonged to the members who had aided materially in the work.

The reports of the secretary and treasurer were received and after reading, were referred to the finance committee, and a unanimous vote of thanks was given E. R. Smith, the past and also the present secretary, for the valuable services rendered, and which has in a great degree made the club what it is today.

Reports from the standing and special committees were received, and a vote of thanks was tendered Messrs. Courtney and Michael for their untiring zeal and the good accomplished through their efforts on the respective committees they represented. Carl Zapffe and C. A. Albright also came in for a vote of thanks for their efforts in arranging matters for the convenience and comfort of the guests and their interest taken in the Northern Minnesota Development meeting, which was held in this city early in December.

President Zapffe, in announcing the standing committees for 1911, referred to the success of the club which to a great measure depended on the activities of the members placed on these committees and stated that his selections had been made with a view to the fitness of the gentlemen to handle the matters referred to them from his view point. The committee assignments announced were as follows:

House and Entertainment—Ezra R. Smith, F. G. Hall, Walter Courtney.

Finance—A. G. Trommald, H. L. Jones, R. A. Beise.

Membership—H. W. Linnemann, F. H. Gruenhagen, E. C. Bane.

Public Affairs Committee—W. H. Gemmell, E. R. Smith, H. W. Linnemann, F. A. Farrar, N. H. Ingersoll, R. R. Wise, J. A. Thabes.

Publicity—H. F. Michael, P. W. Donovan, O. A. Anderson.

City & Public Improvements—Walter Courtney, F. H. Gruenhagen, L. Knudsen, G. A. Keene, W. D. McKay.

County, Good Roads and Drainage—C. A. Albright, M. Mahlum, F. A. Glass, J. H. Krekelberg, A. D. Polk.

River and Navigation—N. H. Ingersoll, J. M. Elder, J. L. Camp, J. C. Jamieson, J. H. Long.

Legislative—Werner Hemstead, A. J. Halsted, C. D. Johnson, S. F. Alderman, C. A. Albright.

Manufacturing—W. H. Cleary, Wm. Wood, Werner Hemstead, F. H. Gruenhagen, C. J. Duffy.

Wholesale and Retail—Con O'Brien, H. F. Michael, C. M. Patek, J. Larson, B. McNamara.

Railway—R. R. Wise, G. D. LaBar, Con O'Brien, M. Mahlum, W. H. Cleary.

Fire Protection—C. W. Chadbourne, R. J. Hartley, H. I. Cohen, E. C. Bane, G. S. Swanson.

Educational—A. J. Halsted, A. F. Groves, P. W. Donovan, G. D. LaBar, John Larson.

Taxation and Assessment—F. A. Farrar, Con O'Brien, W. L. McKay, R. R. Wise, H. H. Baker.

Mining—F. A. Farrar, D. C. Peacock, R. A. Beise, A. D. Polk, G. W. Holland.

The committees as announced above were confirmed by the club and the chairmen of the different assignments.

A communication from St. Cloud asking the club to join hands with the organization of that city in passing a resolution requesting that Minnesota building stone be used in the construction of public buildings erected by authority of the state within its confines. The matter was referred to the legislative committee.

In response to a query, W. D. McKay said that it was impossible for him to state just when the Iron Exchange would be ready to house the club in the new quarters but it was the hope of the company that they would be able to announce that the building would be ready for occupancy in April. As soon as the ground floor rooms which are to be used by D. A. Clark & Co. are completed work will be commenced upon that part of the building to be used for hotel purposes and after that was finished the workmen would start on the third floor and finish down, which would bring the club rooms about the last to be finished, although it is probable that work will be started on them before the office rooms, which are on the same floor.

The president was empowered to appoint two delegates to attend the association of commercial clubs which

meets in St. Paul on January 25 and 26.

The matter of buying wheat in this city from the farmers was brought up and the announcement was made that at the present time there was no market in Brainerd where a farmer could take his grain and dispose of it. This brought forth a general discussion and it was the consensus of opinion that the matter was one of great importance to the city and county. The fact that there is no elevator here at present was discussed and as a result the subject was turned over to the public affairs and wholesale and retail committees, with W. H. Gemmell as chairman, to thresh the matter out and provide some means whereby the matter may be taken care of and the farmers provided with a market for grain and farm produce.

The matter of better train service was discussed and the railroad committee was intrusted with the present attempt for an extension of the morning and evening service that Staples now enjoys between that place and Fargo in order that Brainerd may secure its share of travel and convenience. The matter of asking the Northern Pacific company to grant passengers between Staples and points east the privilege of riding on Train 3 from the twin cities to that point in order to make good connection on night service was also referred.

The agitation regarding the poor farm which was started by the report of the public examiner, and also the commission form of government for cities were discussed but no action was taken.

The report of Secretary Smith reviewed the work of the club for the past year and showed that the organization was in a healthy condition both as to finances and membership. During the year an exchange of courtesies has been arranged with 36 organizations of a similar character in different parts of the United States. The financial report showed that the club had to its credit at the beginning of April, 1910, \$548.48, and at the close of that year the balance in the hands of the treasurer was \$804.41, a gain of \$255.92 in nine months.

The cash balance and receipts from April 1st to Dec. 31st, 1910, was \$1,591.67 and the expenses \$787.67, with a resident membership of 64. The total assets of the club as stated in the report, free from all liabilities, is \$1,602.86.

House and Entertainment—Ezra R. Smith, F. G. Hall, Walter Courtney.

Finance—A. G. Trommald, H. L. Jones, R. A. Beise.

Membership—H. W. Linnemann, F. H. Gruenhagen, E. C. Bane.

Public Affairs Committee—W. H. Gemmell, E. R. Smith, H. W. Linnemann, F. A. Farrar, N. H. Ingersoll, R. R. Wise, J. A. Thabes.

Publicity—H. F. Michael, P. W. Donovan, O. A. Anderson.

City & Public Improvements—Walter Courtney, F. H. Gruenhagen, L. Knudsen, G. A. Keene, W. D. McKay.

County, Good Roads and Drainage—C. A. Albright, M. Mahlum, F. A. Glass, J. H. Krekelberg, A. D. Polk.

River and Navigation—N. H. Ingersoll, J. M. Elder, J. L. Camp, J. C. Jamieson, J. H. Long.

Legislative—Werner Hemstead, A. J. Halsted, C. D. Johnson, S. F. Alderman, C. A. Albright.

Manufacturing—W. H. Cleary, Wm. Wood, Werner Hemstead, F. H. Gruenhagen, C. J. Duffy.

Wholesale and Retail—Con O'Brien, H. F. Michael, C. M. Patek, J. Larson, B. McNamara.

Railway—R. R. Wise, G. D. LaBar, Con O'Brien, M. Mahlum, W. H. Cleary.

AITKIN IN GRAVE DANGER

Water Supply is Nearly Exhausted, and Users are Cautioned to be Careful of Waste

The Aitkin Age sounds a note of warning to the people of that city and says that "the city water supply is in serious danger of being exhausted. Mud river, from which the pumping reservoir is supplied, is for the first time in all the years it has been used, showing signs of going dry as a result of the small flow of water and the freezing of the stream to the bottom in some places.

The council has sent men up the stream to try and keep the channel open and requests the press to give the users warning not to use a particle more water than is absolutely necessary. The N. P. road has been notified not to pump any more water from the reservoir and those who have other water sources for watering stock and for other purposes are urged to use them and relieve the city supply.

The new artesian well is flowing into the reservoir, but the pipe is very small and the supply is almost nothing compared with the demands."

PILES CURED IN 6 TO 14 DAYS

PAZO OINTMENT is guaranteed to cure any case of itching, blind, bleeding or protruding piles in 6 to 14 days or money refunded. 50c. mwt

MUSIC AND DRAMA

"The Lion and The Mouse"

The United Play Co. will offer a specially chosen company in Charles Klein's great American play, "The Lion and The Mouse" at the Brainerd opera house on January 16th, and the announcement has provoked as large and justly due interest as has been aroused here in the past for this deeply drawn play. Those who have seen this drama can hardly realize how anyone could become weary in watching the unfolding of intrigue surrounding so unmerciful a man as John Burket Ryder. The fact of the growing popularity, now in its fourth years, tends to prove that it is as thoroughly enjoyed at a second or third visit as it is at the first, and justly so. The local following seems to be as keen as before for many questions have been put to the local management in reference to tickets.

The sale of seats opens Saturday, January 14th, at Dunn's drug store.

"At The Grand"

The vaudeville team at the Grand tonight is McDonald and Generaux, presenting "The Scotch Lassie and Her Funny Lad." Miss McDonald has a contralto voice of great sweetness and power and her enunciation is most pleasing. Generaux wears the regulation kilties and is a good comedian. "The Message of the Violin" is a most interesting moving picture film. Large audiences have been the rule all this week.

A RURAL ROUTE RUNNING WEST

Authorized by the Department With Service to Start March 1, and Examination Ordered

ROUTE LAID OUT TWO YEARS AGO

Postmaster Receives Description of Route Today With Instructions to Establish Service

Potsmaster Ingersoll today received instructions from the Fourth Assistant Postmaster General to extend the rural service from the Brainerd office, to commence March 1st, 1911, with one carrier at a salary of \$900 per annum, including horse hire, the route to be known and designated as No. 4, to be served daily except Sunday.

The route will start from the Brainerd postoffice and the carrier will go west, crossing the Mississippi river, to Third street, West Brainerd; southwest and west to Fifth street; northeast, irregularly, on old river road to Richard street; west to Gull Lake road; southeast 1-8 and west 2 1/2 miles to northwest corner section 7; west 1/2 mile and retracing; south 3-8 and southwest 2-1-8 miles to southwest corner section 11; northwest to M. Lynch corner; south and southwest to southwest corner section 8; south 1/2 and east and southeast 2 3-8 miles to southwest corner section 15; east 2 7-8 and northeast 3 3-8 miles to Fifth street. West Brainerd: north to railroad track; northeast to old river road; west on Richard street; southeast and east to Mississippi river; east to postoffice, covering a distance of 2 1/2 miles and serving 97 families.

Through the efforts of R. R. Livingston the matter was taken up with Congressman Lindbergh and in turn with the department two years or more ago and two routes were laid out the first one not being satisfactory to the postoffice department. Later on the route as laid out in the above was secured and the signers to the petition were visited personally by Mr. Livingston who, as a notary public, took the sworn statement that they would patronize the route and erect boxes. This was a requirement and it was understood that with such a document the government would at once put the route in operation, but before it could be established a report was received stating that the same would be deferred owing to a deficiency in the appropriation for this work. The matter was taken up by Congressman Lindbergh since his return to Washington for the session with the above result. Mr. Livingston, who has spent much of his time and has been to some expense, is extremely pleased that his efforts along this line have brought the desired result and the people who will receive the benefits of free mail delivery in the new section to be covered by the route just ordered owe him a debt of gratitude, for without his persistent efforts undoubtedly the mail route would not have been established.

Rural Carriers' Examination

In consequence of the establishment of rural route No. 4 the civil service commission has announced an examination to be held by the local board in this city on Saturday, February 4th, 1911, for rural carrier from this office. The salary connected with the position is \$900 per annum, which includes horse hire. Persons to be eligible must be citizens of the United States, between the ages of 17 and 55 years. The applicant must be vouched for by four persons who are patrons of established rural routes from the postoffice named in the application or who intend to be patrons of rural routes which the department has determined to establish, and five other persons must be named by him who are acquainted with his character and fitness to fill the position. The examination will consist of practical tests relating to registry and money order receipts, examples in simple addition, and the reading and writing of addresses. Application blanks may be obtained of Geo. W. Grexco, local secretary, at the Brainerd postoffice, together with other information regarding the examination. Those contemplating taking the examination should make application at once as the time is limited.

Gots Wiser.

Dubley—Every young man thinks he'd be perfectly happy if he could only have his own way. Wise—Yes, and the older he grows the happier he is to think that he didn't have it.—Catholic Standard and Times.

TWO NEW PHONE LINES

Meeting Held Monday by Farmers of 13th St. Road Insures Over 40 Subscribers

The farmers along the south end of the 13th street road held a meeting Monday afternoon at the residence of George Fallon, the mail carrier of route No. 2. The attendance was so large and the sentiment so enthusiastic that two new telephone lines, instead of one as first proposed, will be necessary to carry all the subscribers.

County Commissioner Frank Klenow explained the proposition involved. The farmers will get together and form a company and put up two lines, connecting with the Northwestern Telephone Ex. Co. at some point near Stedfeldt's farm. The new company may be christened the "Daggett Brook & Long Lake Telephone Co."

Among those who were in attendance at the meeting are Bob Sewall, Roy Sewall, George Seibert, Jack Seibert, Henry Bouck, John Bouck, William Gildart, Tom Caron, John Vanasse, George Fleischacker, George Fox, Frank Klenow, John Vogel, N. McComas, Paul Pepin, Al. St. Clair, Joe Houle, Ed. Tougas, Anton Weber, Theodore Pitze, Theodore Hart, Frank Wolfert, Millard Shannon, John Fallon, Mr. Cluse, Ole Anderson, Nels Johnson, Frank Hart, Charles Racine, Tom Harris, Tom Koering.

It is expected that the two lines will carry about 40 subscribers.

REMEMBERED THEIR PASTOR

Rev. A. Habekost and Family are Remembered at Christmas in Their Nebraska Home

The following notice, taken from the columns of the Mirror, of Arapahoe, Nebraska, will be read with interest by the friends of Rev. Habekost and family, former residents of this city:

"The Christmas eve services here at the Lutheran church were well attended and enjoyed by all present. During the children's exercises some members of the church went to the parsonage and left a comfortable couch in the study. Before leaving the house they stepped into the front room and left a new rocker. The 'choir' also had done secret work and surprised Mrs. Habekost with a long black cape and a handsome black skirt. The nice and useful gifts were very much appreciated by the recipient, and a most joyful and happy New Year is wished for the kind donors."

AT THE GULL LAKE DAM

John Gilmer, Who Has Contract Freightings Supplies, Mentions Some of the Work Done

John Gilmer, who has the contract freighting and toting supplies to the Gull lake dam, mentioned some of the work which has been accomplished there. He has four teams at work hauling cement, machinery, and other equipment.

The telephone line from Brainerd to the site of the dam has been completed. A mess shanty for the employees, store houses and scales have been erected. Rock crushing will be commenced the latter part of February and some time in March a large force of men will be put on.

Notice to Eagles

On Wednesday evening, Jan. 11th, there will be installation of officers, followed by a smoke social. All members are requested to attend.

W. Sec'y

ATTENDS CONVENTION

Dr. C. A. Nelson Attends the State Veterinary Medical Association at St. Paul

Dr. C. A. Nelson left yesterday for St. Paul to attend the fourteenth annual meeting of the Minnesota State Veterinary Medical association which convenes at the Merchant's hotel, January 10, 11, 12 and 13.

Dr. Nelson with Drs. D. M. McDonald, of Minneapolis and J. N. Gould of Worthington is a member of the session and papers were read of the evening meeting. Wednesday is to be devoted to the reading of reports and papers and the afternoon session includes a paper prepared by Dr. Nelson on "Fatty Degeneration of the Heart." Thursday includes a meeting called at the veterinary building of the University farm. Friday will be devoted to a clinic program at Dr. Colton's hospital in Minneapolis.

STATE TO BUY COWS AND HENS

State Sanatorium at Walker Consumes 315 Gallons of Milk and 180 Dozen Eggs Weekly

The state has under consideration the subject of purchasing a herd of dairy cows and a flock of hens large enough to supply the state sanatorium at Walker with eggs and milk. At present the milk supply is shipped from Dr. Camp's farm, near Merrifield, and is very satisfactory in quality, but it is thought that eggs and milk can be produced at the sanatorium much cheaper than by shipping it in. The Pioneer Press, in commenting on the subject, says:

"The state is going to raise fresh milk and eggs of its own for the patients at the state sanatorium near Walker. A herd of eleven Holstein milch cows arrived a few days ago to be installed in the new dairy barn. About seventy acres of the land has been cleared of underbrush, thanks to the energy and hunger of a herd of goats bought a year ago.

"Clover planted along two roads to the state buildings has grown in a most luxuriant manner and the seed has scattered through the forest. There will be plenty of forage for the state herd of cows.

"It costs about \$11 a week to board the patients at the sanatorium, as their food is largely of milk and eggs and the better cuts of meats. Part of this expense is paid by the patients themselves, but the State Board of Control thinks that the cost can be cut perhaps \$2 a week by producing the milk and eggs on the premises."

LOCAL KNIGHTS AT ST. CLOUD

Knights of Columbus Planning on Going to Down River Town on Last Sunday in March

The St. Cloud Times says: "A class of nearly sixty candidates were taken into the order at Brainerd yesterday and the sessions proved of the same enjoyable nature as characterizes all such gatherings. It is being planned by the Brainerd Knights to come to St. Cloud January 29 in full force. Several of the members suggested Sunday that the Brainerd Knights may secure a special coach to be attached to the morning Brainerd local on that day and come to St. Cloud for the initiation which is set for the last Sunday in the month."

FIRST SKATING RINK

Mrs. George Forsythe Gives Use of 4 Lots and Ald. Henning and Assistants Prepare the Rink

Northeast Brainerd is the first in the field with its free public skating rink. Mrs. George Forsythe generously donated the use of four lots on the corner of Myrtle and Second streets. Alderman Henning and his assistants prepared the grounds before Christmas and upon his return from Milwaukee the work was completed.

Children of all sizes and ages, as well as various grown up people, are enjoying themselves skating on its broad surface. The plat of ground measures 100 by 200 feet. The cost of the whole work has not been very much. The kindness of Mrs. Forsythe and a little work on the part of others made the project possible and gave the "kids" a realization that somebody was interested in their welfare and that the city of Brainerd had not grown so large as to lose sight of them.

ESDON ETCHINGS

M. L. Hammett is confined to his bed with some of his old troubles and some new ones.

J. L. Mammott is decidedly on the gain. With some assistance he is able to walk out to the table for his meals.

Willie Chord, Jr., is home from the woods.

Wm. Chord, Sr., has gone away to work. We have not learned where. There have been meetings at the school house evenings for nearly a week. A Mr. DeBord, of Ft. Ripley, is doing the preaching.

Geo. Bock is back from the east, where he was called by the death of his father and illness of his mother. He brought Mrs. Bock's sister and her twin children home with him for a visit.

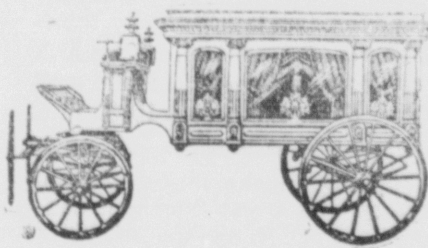

Mrs. Goola is enjoying a visit from a married daughter and her baby, of McKinley, Minn.

Mrs. F. Norcor took dinner with Mrs. M. L. Hammett last Tuesday. A. Gergan and Myrtle are home from Wisconsin.

THREE CHILDREN BURN TO DEATH

Special to The Dispatch:—Minneapolis, Jan. 11th.—Gladys Rooth, four year old, Andrew Rooth, two years, Evelyn Rooth, one year old, left alone in their home here, were burned to death today. Their home was destroyed and their charred bodies were found in the smoldering ruins besides the body of their pet dog. Mrs. Rooth was probably fatally hurt in attempting to save her babies.

K. O. T. M. Election
Crow Wing Tent, No. 62, Knights of the Maccabees, elected the following officers for the ensuing year:
Commander—Harry Simpson.
Lieutenant Commander—John Taylor.
Record Keeper—C. D. McKay.
Finance Keeper—W. F. Dieckhaus.
Chaplain—G. N. Grant.
Sergeant—Joseph Miller.
Master at Arms—J. H. Swanson.
First Master of the Guards—Walter Hudson.
Second Master of the Guards—Ralph Mudge.
Sentinel—John A. Hoffbauer.

To The Ladies of Brainerd
I will be in Brainerd about the 8th of January and anyone wishing to order corsets will please call on me or drop me a line. I will be glad to call and let you see samples.

GREELEY'S CENTENARY.

One Hundredth Birthday of Famous Editor to Be Celebrated.

Horace Greeley, one of the most famous editors the world has ever known, was born Feb. 3, 1811, and preparations are under way for several celebrations of his centenary. The most elaborate of these will take place at Chappaqua, N. Y., Greeley's old home. President Taft has been asked to speak there, and the movement to erect a statue will be furthered. Schools and colleges all over the country have been asked to hold memorial exercises.

It was in the stirring times just before the civil war and during the mem-

HORACE GREELEY

FOUNDER OF THE NEW YORK TRIBUNE

orable years of that conflict that Horace Greeley made his fame. He was not an advocate of coercion to prevent secession, but after the war was begun he advocated its bitter prosecution. He raised the cry "On to Richmond!" and kept it up continually, severely censuring any tactics that savored of delay or that looked like vacillation.

At that time Greeley was sincerely hated in the south. Time has softened the feeling against him, and he is now generally regarded as an honest, fearless advocate of what he thought was right. He was a candidate for the presidency against Grant in 1872, but was overwhelmingly defeated.

Tree Don'ts.

A few "tree don'ts" from Country Life in America: Don't tie your horse to a tree. Don't carve your initials on it. Don't peel its bark. Don't cut a valuable hardwood sapling for a fish-pole. Buy a bamboo pole for 20 cents instead. Don't start a forest fire. Don't let the electric light, telephone or trolley men hack or mutilate a tree. Don't cut down an old tree that is a landmark even if it is on your property. Such a tree, like the air and sunshine, belongs to the world, not to an individual, though the law may not say so.

BEST AND HEALTH TO MOTHER AND CHILD.

Mrs. Winslow's SOOTHING SYRUP has been used for over SIXTY YEARS by MILLIONS of MOTHERS for their CHILDREN. WHILE TEething, with PERFECT SUCCESS. IT SOOTHES the CHILD, SOFTENS the GUMS, ALLAYS PAIN; CURES WIND COLIC, and is the best remedy for DIARRHOEA. It is absolutely harmless. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind. Twenty-five cents a bottle.

ELKINS OWED LIFE TO BANDIT COLE YOUNGER

SENATOR STEPHEN B. ELKINS of West Virginia, who died recently, has had his fame as a great railroad pioneer and as secretary of war in the cabinet of President Harrison obscured in the popular mind by the rumors about the engagement of his daughter to the Duke of the Abruzzi. He was born in Perry county, O., on Sept. 26, 1841. His father was a farmer and moved while he was still a boy to Missouri. He was graduated from the university of that state in 1860 and took up the study of law.

Just as he was admitted to the bar the civil war started, and Mr. Elkins showed his individuality by breaking away from his family and all his home ties to enlist in the Union army. His father and brother fought for the Confederates, but he joined the Missouri militia and served long enough to gain the rank of captain.

Soon after he joined he met with an adventure which nearly cost him his life. With his brother he had left the Union lines to visit a woman friend of the family, and as he was returning he ran into a picket of Quantrill's guerrillas. They were noted for their brutality and were known to shoot all their prisoners.

Saved by Cole Younger.

Mr. Elkins was taken to the guerrilla camp and there fortunately recognized Cole Younger, an old friend and pupil of his. Younger interceded with Quantrill for the future senator and obtained a respite. As the guerrillas moved off Mr. Elkins had to ride with them, but as he reached the crossroads galloped off for his life. Younger held his captors in check, and he escaped. Younger, after the war, became a bandit and was a member of the Jesse James gang. He was sentenced to imprisonment for life, and years after Senator Elkins not only helped to secure his release, but received him at his own home when he was a free man.

Before the war was over Mr. Elkins left the army and in 1864 struck across the plains to New Mexico, then a border territory of which two-thirds of the population were Spanish. He acquired that language in the course of a year and soon secured a large law practice. He was elected to the legislature and also served as territorial attorney general. President Johnson made him territorial United States district attorney, and he was one of the few New Mexico officials whom General Grant did not dismiss.

It fell to his lot as a federal official to enforce the act of congress prohibiting slavery. At that time there were in New Mexico thousands of peons, who to all intents and purposes were enslaved by the Mexican residents. The abuse had become a regular social custom, but Mr. Elkins, in the face of vigorous opposition, insisted on the restoration of these unfortunates to freedom.

But besides enforcing the law he was amassing a fortune. His law practice was lucrative, and he had little competition. In particular he was associated with the Maxwell land grant, which, through his loyal services, received the confirmation of the courts.

Re-elected Despite Declination.

Mr. Elkins first appeared in Washington as the delegate to congress from the territory of New Mexico in 1873. His popularity among the Spanish secured him the handsome majority of 4,000, and he was re-elected for a second term while he was on a tour in Europe in the face of his own positive refusal of the nomination. He felt that he could not decline such an honor, and he acquired in his second term a national reputation by a speech in which he pleaded for the admission of the territory to statehood.

While in congress Mr. Elkins married a daughter of ex-Senator Henry Cassaway Davis of West Virginia. This alliance made him acquainted with great undeveloped resources of that mountainous state, and it decided him to throw in his lot with it.

Began Acquiring a Fortune.

After the expiration of his second congressional term, although he was always recognized as one of the leaders of the Republicans and was a member of the national committee, he severed his connection with New Mexico and lived for two years in Washington. He found that as a westerner of national repute he could make money by looking after the legal business of the great interests which were growing up in the newly developed states.

Next he became interested in railroads and turned his attention more and more to the development of his wife's state in co-operation with her father. Together they conceived the West Virginia Central, which winds in and out of the Allegheny mountains. It threads the Cumberland region and taps a district enormously wealthy in coal and lumber.

Owning as he did in West Virginia hundreds of thousands of acres of timberland and thousands of acres of mines, Mr. Elkins became the uncrowned king of the state. He divided his power with his father-in-law, but in all their interests they were united. He came back into politics again with the nomination of James G. Blaine at Chicago in 1884.

It has always been supposed that the Maine statesman owed his nomination to the railroad man from West Virginia, and four years later Mr. Elkins again tried to make him the Republican standard bearer. Mr. Blaine refused, but it was only after he had cabled positively from Florence, Italy, that Mr. Elkins ceased to press his claims.

In Harrison's Cabinet.

He is then credited with having had much to do with the nomination of

REAL HAIR GROWER FOUND.

But You Must Seek Frigid Professions, Preferably Polar.

The latest "universal hair grower" discovered is a trip to the arctic regions or, failing time and inclination for that, employment in a cold storage company.

According to Sir Ernest Shackleton, the antarctic explorer, extreme cold is one of the best means of strengthening the hair. In the course of an interview recently Sir Ernest said: "All of the men who went with me on the south pole expedition with one or two exceptions possessed stronger crops of hair on their return to civilization."

"Extreme cold undoubtedly strengthens one's hair. As our party approached near the south pole our hair grew more slowly, but became thicker and stronger."

An official of a London cold storage company, interviewed on the same subject, stated that there was not a bald-headed man in the employ of the company. He said that the men worked all day in a temperature of 20 degrees of frost, and the cold undoubtedly made their hair thicker.

CAUSES SICKNESS.

Good Health Impossible With a Disordered Stomach.

There is nothing that will create sickness or cause more trouble than a disordered stomach, and many people daily contract serious maladies simply through disregard or abuse of the stomach.

We urge every one suffering from any stomach derangement, indigestion or dyspepsia, whether acute or chronic, to try Rexall Dyspepsia Tablets, with the distinct understanding that we will refund their money without question or formality, if after reasonable use of this medicine they are not satisfied with the results. We recommend them to our customers every day, and have yet to hear of any one who has not been benefited by them. Three sizes, 25c, 50c and \$1.00 a box. Sold only at our store—The Rexall Store.

AWAKE NIGHTS

Children were intended to sleep nights. When they are wakeful and fretful, it is time to worry. Kickapoo Worm Killer (the delicious candy tablets) is a great medicine for children. It cleans the system of poisonous substances which cause sleeplessness. It removes acids which impoverish the blood; it tones up all of the functions; it makes strong, healthy children.
